Electric Underfloor Heating

A cleaner, more energy-efficient way to heat a home. Warmup’s range of high-quality, cost-saving electric systems utilise ultra-thin heating cables or mats installed beneath your floor finish to gently radiate warmth throughout the room.

These systems offer a quick and hassle-free installation and their low-profile design make them ideal for renovation projects.

Scan to find out more!

NOTE: All electrical connections must be performed by a qualified and competent electrician.

DCM-PRO™ Low Wattage System:
A Solution for Low Load Homes and Zero Carbon Heating with Solar Arrays.

With a lower electrical load, a property with Solar PV system, with or without a Battery, will be able to provide 100% of the load more often, enabling the property to be heated entirely by zero carbon electricity produced on-site.

Warmup Water Underfloor Heating Systems

NEW PRODUCT **Lo-16™ Low-Profile System**
Exceptional performance & value

- ✓ High strength 500kPa XPS insulation
- ✓ Up to +19% higher heat output
- ✓ Great value for money

VLo Ultra-12™ Low Build System
Ideal for use with uninsulated floors

- ✓ 18mm build-up
- ✓ Tile directly over
- ✓ Market leading heat output and heat spread

Made with Recycled Materials

VLo Econna-12™ Joisted Floor System
Perfect to install with joisted floors

- ✓ Even heat distribution
- ✓ For timber suspended & battened floors
- ✓ Low profile floor finish

SAFETYNet™
Installation-Guarantee

If you accidentally damage the heating system during installation, return it to Warmup and we will replace it with another heater of the same make and model FREE!

LIFETIME WARRANTY
Warmup

Warmup® PE-RT Underfloor heating pipe
Lifetime Warranty with Warmup® systems

Instant Quote!

The Best Warranties, Installation Guarantee and Accreditations

PE-RT & PE-Xa Systems carry a **Lifetime Warranty** for greater peace of mind.

*Visit warmup.co.uk for details

If you accidentally damage a Warmup heater or pipe during installation, return it to Warmup and we will replace it with another of the same range and size **FREE!**

About Warmup®

We want to change the way people heat their homes and we believe that there is no better heating system than radiant floor heating.

As the heating sector looks towards more sustainable heating innovations, our range of systems is positioned to be the future of heating.

Underfloor heating is up to 40% more efficient than traditional heating systems, allowing a cleaner, greener way to heat a home whilst providing lower running costs. As buildings across the world begin to utilise low carbon technologies, our systems can offer radiant warmth to millions of people with a combined reduction of 170,000 t CO₂ by 2025.

We have been committed to a research and development led approach to product and system optimisation for over 30 years. As a result, we have a complete range of proprietary integrated systems and controls that are world leading and that have been sold to over 2.5 million homes. We're incredibly proud to be the system of choice for homes, hotels, churches, synagogues, mosques, yachts, hospitals, schools, government buildings, and football stadiums around the world.

Warmup.co.uk or any one of our other 72 country-specific websites around the world contain guides and tools to assist you in your specifications and deliberations.

Research and development by Warmup® has created a product design and manufacturing process that allows us to offer lifetime warranties on most of our systems for peace of mind.

Our proprietary range of smart, connected controllers work together with our market leading MyHeating™ app to deliver what our clients have asked us for...

The right temperature At the lowest cost Effortlessly

We have achieved this by combining sophisticated schedule management software with an effortless user interface to attain maximum energy savings.

Why Warmup

- 1 Unique to Warmup WiFi controls are secure, efficient and enable Warmup Smartcare.
- 2 Our 24/7/365 technical helpline and national engineering team provide exceptional service levels and are always available to assist with any matters.
- 3 Lifetime warranties on many products.
- 4 SafetyNet™ Guaranty if anything should happen during installation.
- 5 Within 2 hours turnaround time on even complex water underfloor heating quotations.
- 6 Clear calculations of running costs.
- 7 Unique Digital Ecosystem for looking after the project from initial quote all the way through commissioning and post installation Smartcare assistance.

Protects Floor from Damage

Rated as high performance, DCM-PRO is proven to protect tiled floors from cracking (ANSI 118.12.5.4).
The self-healing decoupling layer contracts and expands to deal with seasonal changes, preventing damage occurring from gaps and cracks in the subfloor. (Patent No. GB2548319B)

Hydronic Underfloor Heating

Hydronic, also called wet or water underfloor heating systems are a popular choice for extensions and new-build construction projects. These systems use water for heating, so it can be linked to virtually any heat source from a standard boiler to newer sustainable technologies, such as solar thermal energy or heat pumps.
